Dear Dawn,

TLC has a mission and vision to empower families by providing education, life skills, emotional support and social training for children, destitute youth and ex-offenders. We aim to encourage social upliftment and community development through structured programmes and interactive events where people come together to create and reinforce a support structure for a common cause.

During the COVID-19 pandemic, our focus has shifted to providing for the basic needs and safety of our beneficiaries.

To this end, we thank you, for the generous donation of the household items. These were in the informal settlements. Your investment in TLC will enable us to continue assisting an increasing number of distressed people.

For more information on our current and upcoming events and programmes, please visit our website <http://www.tlcprojects.org.za> and follow us on our social media platforms. Also encourage your friends and families to do the same.

We wish you well in your travels and happiness in your new home.

Kind regards,

Nadene Roux
